I. Appearance

II. Technical Parameters

Product: LCD Color Television Receiver

Display device: Color TFT-LCD

Receiving Channel: VHF-L: 55.25MHz--83.25MHz  
VHF-H: 175.25MHz--211.25MHz  
UHF: 471.25MHz--801.25MHz  
CATV Channels: VHF-L: 73.25MHz--139.25MHz  
VHF-H: 145.25MHz--391.25MHz  
UHF: 397.25MHz--855.25MHz

Sound System: M

Screen Size: 7 inches

Audio Output: 0.8W(Max)

Loudspeaker: right: 5.0 cm round loudspeaker; left: 4.5cm round loudspeaker.

Connecting Terminal : External antenna input jack, earphone jack,

AV power supply jack: 1. Yellow line for Video 1 Input ; 2. Yellow line for Video 2 Input; 3. White line for Audio input; 4. In-socket 12V Power supply

Input+-); 5. Single black line for car-backing line; 6. 750hm antenna jack  
Applicable Power Supply : Automobile storage battery(12V) Automobile Adapter

Power Consumption: about 8W

Outer Dimension : W360mmx H138mm xT21mm

Weight :right: 720g:left: 738g

Dot Matrix : 0.107(H) x0.372(V)

Resolution : 1440(H) x 234(V)

Response Speed(ms): R:30/F:50

Visible Angle: U:15/D:35R/L:35

Brightness: 300cd/m<sup>2</sup>

Contrast: 150:1
