Setup Instructions

1. **Unpacking:** Carefully remove the Pro Audio PA Speaker Platform Pad from the packaging.
2. **Placement:** Position the platform pad on a stable surface where the speakers will be placed.
3. **Speaker Placement:** Center your speaker on the pad to ensure optimal sound isolation and stability.
4. **Adjustments:** Make any necessary adjustments to balance the speaker, ensuring it is securely positioned on the pad.

Cleaning, Maintenance, and Storage Guide

Cleaning

- Use a soft, dry cloth to remove any dust or dirt from the platform pad.
- For deeper cleaning, gently wipe with a damp cloth. Avoid using chemicals or harsh cleaning agents, as these can damage the foam material.

Maintenance

- Inspect the platform pad periodically for signs of wear or compression. Replace the pad if it loses its shape or effectiveness in absorbing vibrations.
- Avoid exposing the platform pad to extreme temperatures or direct sunlight for extended periods, as this can reduce its durability.

Storage

- When not in use, store the platform pad in a cool, dry place away from moisture and direct sunlight.
- If possible, keep the pad in its original packaging to protect it from dust and accidental damage.

Safety Notes

- Ensure that the platform pad is placed on a stable and level surface to avoid slipping or tipping over.
- Do not exceed the 90 lbs. weight limit, as this can compromise the performance of the platform and pose a safety risk.

Register Product

Thank you for choosing PyleUSA. By registering your product, you ensure that you receive the full benefits of our exclusive warranty and personalized customer support. Complete the form to access expert support and to keep your PyleUSA purchase in perfect condition.
